

Application No. 09/729,888
Amendment Dated March 3, 2005
Reply to Office Action of October 5, 2004

REMARKS/ARGUMENTS

By this Amendment claims 10-14 are canceled. No claims are amended. Claim 19 is pending.

The Examiner sets forth that the application is in condition for allowance except for the following formal matters: the Examiner believes that the Applicant must provide a specification that corresponds to the allowed claims and the original drawings filed in the case. According to the Examiner, the drawings should have reference numbers illustrated that should correspond to the structural limitations recited in the specification. The drawing and specification have been amended accordingly.

The Applicant's representative gratefully acknowledges the courtesies extended by the Examiner in the telephone conference of January 10, 2005 and in reviewing the revised specification and drawings which filed informally for the Examiner's review on January 18, 2005. Additionally, the Applicant's representative gratefully acknowledges the telephone conference with the Examiner on March 1, 2005 wherein the Examiner indicated that the specification provided by the Applicant's representative was satisfactory.

The Applicant notes that the specification provided to the Examiner contained the original claims as filed rather than the claims allowed by the Examiner. The Applicant respectfully submits that the unallowed claims in the specification have been cancelled and/or superceded during the prosecution process and that a single allowed claim is set forth herein.
